Re: WBI Energy Transmission, Inc.
Wahpeton Expansion Project
Docket No. CP22-466-000
Supplemental Information to Request for Authorization to Place Facilities into Service

Dear Ms. Reese:

On October 23, 2023, the Federal Energy Regulatory Commission (FERC or Commission) issued an Order Issuing Certificate (Order) in the above referenced docket authorizing WBI Energy Transmission, Inc. (WBI Energy) to construct, modify, operate, and maintain its Wahpeton Expansion Project (Project) in Cass and Richland Counties, North Dakota. On February 13, 2024, the Commission authorized WBI Energy to proceed with construction of all Project facilities and on November 8, 2024, pursuant to Environmental Condition No. 12 of the Appendix to the Order, WBI Energy requested authorization to place all Project facilities into service.

WBI Energy herewith submits supplemental information to the request for authorization to place all Project facilities into service in the above referenced docket. WBI Energy states that the pipeline is mechanically complete, has been tied into the metering facilities, and is ready to flow gas. Commissioning activities, including purging and packing of the pipeline, is scheduled for the week of November 25, 2024 to allow the incremental firm transportation service offered by the Project to begin on December 1, 2024, upon Commission authorization to place the facilities into service.

Pursuant to 18 CFR § 385.2010 of the Commission's regulations, copies of this filing are being served to each person whose name appears on the official service list for this proceeding.

Any questions regarding this filing should be addressed to the undersigned at (701) 530-1563.

Sincerely,

/s/ Lori Myerchin

Lori Myerchin
Vice President, Regulatory Affairs
and Transportation Services
