Re: Authorization to Commence Service

Dear Ms. Myerchin:

I grant your November 8, 2024 request, as supplemented on November 25, 2024, for WBI Energy Transmission, Inc. (WBI Energy) to place into service the Wahpeton Expansion Project in Cass and Richland Counties, North Dakota.

Your request is in compliance with environmental condition 12 of the Commission's October 23, 2023 *Order Issuing Certificate* (Order) in the above-referenced docket. This authorization is granted on the basis of your request, our November 12 and 13, 2024 field inspection, and WBI Energy's recent weekly construction status report filed on November 22, 2024, to which we find that WBI Energy has adequately stabilized the Project areas disturbed by construction and that restoration is proceeding satisfactorily. In addition, we have reviewed and approve WBI Energy's Winter Construction and Stabilization Plan filed on November 21, 2024.

I remind you that WBI Energy must comply with all applicable remaining terms and conditions of the Order. If you have any questions, please call David Hanobic at (202) 502-8312.

Sincerely,

Gertrude Fernandez Johnson,
Director, Division of Gas –
Environment and Engineering
